Project Experience

E-Commerce Website for Cambodia's Products | Spring Boot, React

- Built a full-stack e-commerce platform using Spring Boot, PSQL, and React, enabling local producers to showcase products online for buyers across Cambodia.
- Automated product uploads via a Telegram bot integrated with the backend.
- **GitHub Link:** [HERE](#)

Sign Language to Subtitle Converter | Python, LSTM

- Developed a real-time sign language to subtitle system using computer vision and LLM (SEA-LION), enabling instant translation (English as default).
- Design an inclusive ed-tech solution and accessibility for impaired students.
- **GitHub Link:** [HERE](#)

Cambodia Tourism Website | HTML, CSS, Javascript, PHP

- **Developed a full-stack** travel showcase responsive website that presents Cambodia's temples, cities, beaches, and forests through interactive galleries.
- **Implemented an MVC architecture** with PHP controllers, models, and views to improved code organization, maintainability, and scalability.
- **GitHub Link:** [HERE](#)

Internship Experience

DT Excellence Center Project Intern | Deutsche Telekom IT Sept-Dec 2025

- **Built a proof-of-concept Microsoft Teams chatbot** that allow users to complete quick one question survey and multi-block surveys directly in chat.
- **Implemented an end-to-end survey flow prototype** using **Python** and **external voting APIs**, **state management**, and user input handling , demonstrating feasibility of in-chat voting workflows.

Project Intern | Ministry of Post and Communication Jun 2025 - Aug 2025

- **Conducted field research** and **factory visits with 8 local producers** to enable the practical design of visibility and income-growth solutions.
- **Propose & present 2 initiatives** (1-day tour & digital map, Phnom Penh walk street)
- **Published awareness article** on Takeo products, increasing public interest & support

Leadership Experience

- **Organized** and **led CV writing workshops** for high school students.

Project Consultant | NTU PEAK ASEAN 2023 Nov 2023- Dec 2023

- **Conducted market research** leading to a **45% increase** in **customer satisfaction**.
- **Implemented** new **strategies** with **NTU students**, resulting in a **60% boost** in **website traffic** and a **27% rise** in **new customers** for the **Himawari Hotel Apartment**.

Volunteer | NEARY (Khmer Youth Association) May 2022- Dec 2022

- **Led** cyberbullying awareness **campaigns** that boosted youth interest from **12.6% to 48%**.
- **Collaborated** with **influencers** to promote **open discussions** on social issues.

Educator | UNICEF (Ladies Circle) Oct 2021-June 2022

- **Led** initiatives to **empower rural women** by promoting **recycled plastic** handmade products, achieving an **80% sales increase**.
- **Collaborated** with **UNICEF** to provide training to **enhance skills**.

About Me

A dedicated and motivated student seeking to leverage my achievements and broaden my horizon through valuable experiences. With a strong commitment to academics, I aspire to make a meaningful impact in my chosen field and become a better version of myself.

Education

Computer Science at University of Pécs (Year 2)

Sept 2024 - Present

Berkeley International School

Graduated | 2022

Japanese Language at CJCC

(Marugoto 4) 2019-2022

English Language at ACE (Diploma)

2016-2019

Language

- **Khmer:** Native
- **English:** C1
- **Japanese:** Intermediate
- **Hungarian:** A2
- **German:** A2

Skills

- Coding Language: Java, Python, C++
- Design: HTML, CSS, Figma, Canva
- Team Work
- Project Management
- Good Listener
- Problem Solving
- Oral Communication

Achievements

- 2025: Innovative Award From PAN-SEA AI Competition (Singapore)
- 2024: 1st Winner of HEINEKEN Sustainathon
- 2024: 3rd Winner of Fort Hays Faulkner Challenge
- 2024: Innovative Award From ASEAN-China-India Youth Leadership Summit 2024 (ACIYLS 2024)
